### **Meal bookings**

#### **General**

All tags are loaded with R277 per month. This can be used to purchase anything within the restaurant or tuck shop. Once the R277 is used, you can load more money on your tag via EFT payment or credit card payment.

Should the R277 not be used within the month, it will be transferred to the next month. This will expire at the end of the financial year.

Please note that all meals are served with one Vegetable and one salad or two salads.

#### **B12 Meals**

Should you choose to make use of the B12 meal option, your R277 will be allocated to the 12 meals, when you order your first B12 meal. You cannot order anything else in the restaurant until you have loaded funds on your tag.

You have to have R277 on your tag to order B12 meals, as it will allocate 12 meals of your choice to your tag.

### ***Royal on the Go***

The Tuck shop carries a limited amount of groceries, beverages, sweets and cleaning materials. We will unfortunately not be able to cater for individual requirements. Should there be several people that require the same product we will gladly source it and add it to our stock. Please note that this does take about 10 working days.
